

Cylindrical graduated bottle with narrow mouth ml 2000

with screw cap and undercap

Graduated cylindrical bottles with narrow mouth made of **LDPE** , translucent and complete with cap.

Equipped with an undercap to ensure a perfect seal and holes on the shoulder to allow the application of safety seals or tags.

The sloping shoulder geometry makes it particularly easy to completely empty the contents.

Particular care has been taken in the realization of the graduation of each bottle, to allow a precise and clear reading of its content.

SUITABLE FOR FOOD CONTACT ACCORDING TO THE FOLLOWING REGULATIONS:

EC Directive 10/2011

Italian Ministerial Decree 21/03/1973 and subsequent amendments

Italian Presidential Decree 777/82 and subsequent updates
