Vinyl gloves size L

Pack of 100 pcs

The vinyl gloves, unlike those in latex which are produced with material of natural origin, are produced with synthetic raw materials (mainly PVC - Poly Vinyl Chloride and DINP Phthalates - plasticizers that make the plastic soft and malleable) and therefore, being free of natural proteins, they can also be used by those who are allergic to latex proteins.

Disposable non-sterile polyvinyl chloride glove.

Smooth surface.
Finely powdered with starch of vegetable origin.

AQL 1,5 for absence of holes
