CHEMICALS 60 A + B cabinet

for chemicals, acids and bases

Entirely made of electro-galvanized steel sheet (Skin passat) FE P01 thickness 10/10 mm cold bent and painted, after degreasing treatment, with a first application of epoxy primer and with 2 subsequent applications of thermosetting powders and subsequent passage in thermal tunnel at 200 ° C.

Construction of "monolithic" type with feet at the base for leveling the cabinets.

Double-paneled and reversible doors built as above complete with handles with safety locks e locks.

110 ° opening that allows the shelves to be extracted without having to tilt them.

Safety signs indicating the presence of dangerous and toxic products as well as indicating the limits of flow rate and product to be stored.

Compliant with standards: EN 61010-1 - CEI 66-5

Features :

• **UPPER COMPARTMENT:**

2 TRAY SHELVES FOR ACIDS in painted steel thickness 10/10 mm for the eventual containment liquids in case of rupture or spillage from containers. Shelf dimensions: 490x550x30 mm (LxWxH).

Rack-and-pinion height adjustment.

• **LOWER COMPARTMENT:**

2 TRAY SHELVES FOR BASES in 10/10 mm thick stainless steel for the eventual containment of liquids in case of breakage or spill from the containers. Shelf dimensions: 490x550x30 mm (LxWxH).

Rack-and-pinion height adjustment.

• CE marked electric aspirator with case in self-extinguishing, antistatic technopolymer resistant to corrosive agents. Internal thermal protection;

degree of protection IP 54 double insulation.

• Protection fuses: 5x20 1A rapid f.

• Extractor flow rate: max. 275 mc / h.

• Power supply: 220/230 V - 50 Hz single phase.

• Absorption: 55 W.

• Activated carbon filter suitable for acid substances with large filtering surface with prefilter. Easy replacement by a hinged system with key opening.

• Closure with safety lock and key.

• External dimensions: 600x600x1900 (1600 + 300) mm (LxWxH).

• Internal dimensions: 550x550x1500 mm (LxWxH).

• Weight: about 85 kg

Available on request:

- additional shelves

- replacement filter approx
