

## Medical refrigerator mod. M-VPV IoTty 340 Green White inverter - glass door

### 340 liters

Medical, drug or laboratory refrigerators, with professional construction, available in the versions:

- a) Skinplate White steel;
- b) mixed, internal stainless steel with external Skinplate White steel,
- c) internal and external stainless steel.

The doors can be blind with insulation or with low emission double glazing.

The electronic regulator can be of the Touch IoTty type with 7" Touch Screen display, or Classic version, LCD display

**Touch IoTty controller**, 7" Touch Screen display, allows the storage of all temperature data, graphics, alarms, for up to 10 years; regulator equipped with a buffer battery to power the recording of temperatures even in the event of a black out; possibility to connect the instrument via WiFi or via Ethernet to a surveillance technician (if connected the manufacturer itself carries out remote monitoring during the warranty, with storage of all data in the Cloud in a dedicated server) to transmit all technical data concerning the state of the equipment and the temperatures detected; USB port for downloading temperature data or period graphs; moreover, rather importantly, the Touch regulator is combined with an inverter compressor with a dedicated electronic card which allows a significant reduction in energy consumption and noise.

All models in the TOUCH IoTty range are eligible for the tax deductions provided for by the INDUSTRY 4.0/5.0 laws

Medical refrigerator **mod. M-VPV IoTty 340** (+ 1 ° / + 15 ° C) SKINPLATE INVERTER with R600a gas electronic regulator with 7" touch screen interface complete with buffer battery

alarms: acoustic-visual for temperatures, black-out, open door, faulty probes and dirty condenser. Message via email + alert call (without sim)

External dimensions (WxDxH mm): 555 x 590 x 1944 Volume (liters): 340

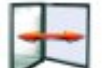

Gross weight (Kg): 98 Recommended shelves: 5 (10 MAX) Recommended drawers: 5 (8 MAX)

Made in Italy

Accessories on request:

	118095	Perforated embossed aluminum shelf
	118096	Perforated stainless steel shelf
	119152	Wire shelves with hooks

	118097	Empty Drawer With Runners - Embossed Aluminum
	118058	Drawer With Guides and 4 dividers - Embossed Aluminum
	118098	Empty Drawer With Guides - Stainless Steel
	118048	Drawer With Guides and 4 dividers - Inox
	350278	Drawer divider
	118071	Plastic-coated wire basket on guides
<b>DIN 58345</b>	115879	Safety Thermostat (DIN 58345)
	117887	Data Logger
	119843	Clean contact for alarms
	119396	Cable entry hole for additional probes and auxiliary services
	111610	Reverse door surcharge
	118035	Twin Wheels Kit D.50 Mm H.62 Mm For 014/053 (Front Brake)

Available on request in the versions:

- in stainless steel
- with stainless steel interior and white skinplate exterior
- 2T version with double temperature and single compressor
