Homogenizer mod. REAR MIXER 400W

fixed speed, with glass door

BagMixer ® 400 W is a powerful and easy to use laboratory homogenizer. It is used for microbiological analyzes in the food, environmental, pharmaceutical, veterinary industry and in public research institutes and for the preparation of samples for the quality control of raw materials, products in production and for the control of finished products.

Robust as it is made entirely of stainless steel.
Efficiently mix any type of sample, avoiding the risk of contamination.
Suitable for all types of applications and compatible with all bags.
Optimal mixing volume: 50-400ml
Fixed speed: 8 shots per second
Variable mixing time: 30-60-90-120-150-180-210 seconds or infinite
Door opening 270 °

Glazed door
Safety drip tray.
Q-Tight closure: specially designed to avoid leaking from the top when mixing. Up to 250 kg of pressure resistance.
3 year warranty, lifetime shock absorber warranty.
Compliant with standards: ISO 7218, ISO 6887-1 and FDA BAM (Bacteriological Analytical Manual)
Manufactured according to CE, RoHS, WEEE**Bag Mixer 400 W comes with:** 1 x power cord 1 user manual 1 quick user guide 1 pack of homogenizer bags

Technical data

Made entirely of 304L stainless steel

Glazed door

Usable volume: 50 - 400 mL

Fixed speed (8 strokes / s)

Variable mixing time (30 to 210 seconds or ∞)

Q-Tight ® closure: airtight closure to prevent leakage from the top of the bag

Fully opening door (270 °)

Voltage and frequency: 110-127V ~ / 220-240V ~ 50-60Hz

Fuses: T 3.15AL 240V / T 1.25AL 5x20 mm

Maximum power: 135W

Dimensions (wxdxh): 27 x 38.5 x 28 cm, weight: 16.6 kg

Packaging (wxdxh): 49.5 x 35 x 36.5 cm, weight: 18.6 kg
