Peristaltic pump mod. SP311-12

Peristaltic pump ideal for the transfer of gases, liquids, mixtures and emulsions in various industrial sectors, samples and continuous dosing, automation of analysis

Minimal maintenance
Easy cleaning - no contact of liquid and mechanical parts
The tubes (2 diameters available) resist most chemicals
Electronic speed control
Head: 10 meters of water column

Code	Description	Tubes dimensions (mm)	Flow rate (ml / min)
V1402012	Peristaltic pump mod. SP311-12	4x7	20-240
