

Erlenmeyer flasks (flasks) for culture, Duran, straight neck diam. 38 mm

Erlenmeyer conical flasks in borosilicate glass 3.3 DURAN (DIN-ISO 3585)
flat bottom
straight neck diam. 38mm
traceability code writing area
the straight neck allows the use of metal caps
autoclavable

Excellent chemical resistance
minimum thermal expansion
high resistance to thermal shock

They are not measuring instruments. The graduation is approximate.

DIN ISO 1773
