

## Magnetic stirrer mod. MST

### up to 1500 rpm - up to 5 liters

The MST Digital is equipped with a bright digital display to easily set up the stirring speed.

By turning the knob is possible to set the correct speed with 10 rpm steps.

Powerful **brushless motor** ensuring premium resistance over time

#### Speed regulation up to 1500 rpm

**SpeedServo™** technology ensuring constant speed counter reacting to viscosity changes

Accepts up to **5 liter flasks**

Bright digital display for accurate speed monitoring

On board **timer** for unattended operations

**Auto reverse** of the stirring direction to ensure better mixing

Technopolymer guarantees high resistance to chemicals

#### Accessories on request:

- Magnetic stir bar 6x35 mm
- Magnetic stir bar 6x20 mm

#### Technical data

|                             |   |
|-----------------------------|---|
| CONSTRUCTION MATERIAL       | Technopolymer                                   |
| STIRRING VOLUME             | Up to 5 L                                       |
| ELECTRONIC SPEED REGULATION | Up to 1500 rpm                                  |
| SPEED CONTROL               | Excellent speed control even at low revolutions |
| COUNTER REACTION            | Constant Speed                                  |
| TIMER                       | From 1 to 900 minutes / continuous mode         |
| AUTO-REVERSE                | From 5 to 900 seconds                           |
| LOCK FUNCTION               | Yes   |
| INTERMITTENT MODE           | Yes   |
| STIRRING SYSTEM             | PCM magnet                                      |
| MOTOR                       | Brushless                                       |
| DIMENSION(WXHXD)            | 120x50x145 mm                                   |
| POWER                       | 0.6 W   |
| WEIGHT                      | 0.6 Kg  |
