

## Low Retention conical centrifuge tubes 50 ml

### with DNase / RNase free / Pyrogen free writing band

Centrifuge tubes are manufactured using high purity virgin USP Class VI Medical grade polypropylene (PP) conforming to US FDA 21 CFR, free from natural rubber & heavy metal.

- The large white frosted portion for easy writing.
- Silk-Screen graduation makes identification easy.
- Amber colour option for light-sensitive samples.
- Built-in plug in the cap makes it leak proof.
- Sterile Tubes have been validated according to ISO 11137 for SAL 10<sup>-6</sup>
- Can withstand up to 18000 xg RCF.
- Low binding technology provides 10 times lesser retention level with highly viscous samples & saves costly reagents.
- Super homogenous surface free sites prevent non-specific binding.
