

Disposable SMS gowns

Pack of 25 pieces- size XL

Disposable gown made of non-woven Tyvek sheets with a shirt collar, made of 100% HDPE (high-density polyethylene) made from very fine filaments bonded using a heat and pressure finishing process.

Extremely versatile: lightweight, thin, flexible, abrasion-resistant, and chemically inert.

Excellent barrier against dry and wet particles, liquid chemicals, and aerosols of liquid and solid chemicals.

Easily recyclable and disposable, it can be incinerated (does not generate halogenated compounds).

With three pockets

Front zip closure

Suitable for pharmaceuticals, industrial cleaning, industrial maintenance for outpatient use, dressings, and examinations.

Available sizes: M - L - XL - XXL

White PPE

Category 1 for partial body protection against minor risks

Complies with UNI EN 340 Pack of 25
