Thermometer with cone NS 14/23

Thermometer with normalized fitting NS 14.5/23

Similar DIN

Fixed immersion

Closed staircase

Division: 1°C

Colorless prismatic capillary

Upper body with diam approx. 11 mm, lower section diam. 7.5mm.

Special red liquid

Richter top closure without knob

Suitable for official calibration.

Upper part 250x11 mm, recessed length from the upper end to the joint floor 75mm

Available for different temperature scales
