

Weighing filters with cap

Reduce the tare weight correction with these light weight, autoclavable, re-usable translucent bottles.

Airtight push on lids included.

Highly resistant to acid attack.

No internal shoulders to allow use of spatulas.

Tops can be squeezed to assist pouring.

Remove lid before autoclaving.

Material: PP

Code	Description	Cap. ml	Ext. diam. mm	Height mm	Tare g	Pieces per pack.
